

The Company

Southdowns Environmental Consultants Limited is a privately owned and operated firm of professional acoustics, noise and vibration consultants.

Established in January 1996, the company is dedicated to providing an independent, quality and cost effective service based on a clear understanding of clients' needs and the extensive experience of its consultants.

The company is a corporate member of the Association of Noise Consultants, operates a quality assurance system and is registered under the Constructionline, UVDB and Link-up pre-qualification schemes.

All senior staff and associates are corporate members of the Institute of Acoustics and are qualified and experienced in environmental noise and vibration assessment.
